

CONSTRUCTION –

- High impact “no break” polyethylene
- One-piece roto-molded construction
- Optional bed enclosure consists of a metal plate
- Manufactured to ISO Quality Standards
- Flammability: Flo/Frontier Rotomolded products comply with UL94 HB and CAL117–2013 flammability standards

FEATURES –

- Limited Lifetime Warranty
- Bedside has integrated rails to help contain items on top surface
- Bed and cabinet sides fit flush to walls
- Bed features surface grooves for fluid management
- Single side bed storage can be positioned left or right facing
- Stain-resistant, seamless and easy to clean
- Corners and edges rounded for increased safety
- 100% recyclable material
- Complies with UL94 HB and CAL117–2013 flammability standards

OPTIONS –

- Enclosed bottom
- Bolt-to-floor brackets
- Patient restraint module

Frontier and Flo products may feature some irregularities in surface flatness due to the nature of the rotational molding process. In addition, large temperature shifts can also temporarily alter the products shape. Neither surface variation has any bearing on the product's performance or strength.
