

CONSTRUCTION –

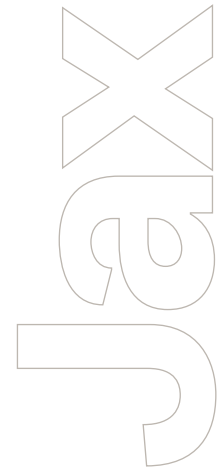

- Fully welded chair frame is constructed of 14-gauge steel tubing, powder coated for long life
- Contoured seat/back shell is constructed of laminated, high density hardwood veneers using a RF process and a UF resin with very low off-gas emissions
- Foam contains environmentally-friendly bio-based materials, and is California TB117-2013 Compliant

FEATURES –

- 14-gauge oval-tube steel frame
- All fasteners are tamper-resistant
- Steel seat pan conceals upholstery staples and adds weight
- Simple one-piece seat/back is comfortable and easy to clean
- Nylon glides are non-removable and protect floors from damage

OPTIONS –

- Custom frame finishes
- Bolt-to-floor brackets
- Moisture barrier
